Richard Dobson is een singer-songwriter-veteraan die opgroeide in Tyler, Texas en momenteel woonachtig is in Zwitserland. In de midjaren '70 al aan tafel met kanjers als Guy Clark, Steve Young, Townes van Zandt en een piepjonge Steve Earle zoals te zien in de James Szalapski documentaire 'Heartworn Highways', vandaag op het podium met kanjer Sergio Webb uit Nashville op de elektrische gitaar. Ook Sergio hadden we al eerder gezien, in november jongstleden, in dezelfde rol als begeleider, toen van vaste In The Woods artiest David Olney.
